

LegalEase: AI-Powered Legal Document Generator

Phase 8 – Project Demonstration

Prepared by: M. Poornima

Class: II BCA

Institution: S.S.K.V College of Arts and Science for Women

Date: 24.09.2026

Prepared for: Dr. V. Priya

Phase Overview

The demonstration shows how LegalEase transforms structured user information into a reviewable legal-document draft.

Demonstration Introduction

Project: LegalEase: AI-Powered Legal Document Generator. The demo presents the complete workflow from document selection through guided data entry, AI-assisted generation, review, and PDF export.

Demonstration Flow

- 1. Open LegalEase home/dashboard.
- 2. Select a document category.
- 3. Enter fictional sample information.
- 4. Validate the form.
- 5. Click Generate Draft.
- 6. Review generated sections.
- 7. Edit selected content.
- 8. Preview the final layout.
- 9. Export as PDF.
- 10. Explain the review and professional-advice limitation.

Sample Demonstration Story

Use only fictional data for the academic demo. For example, demonstrate a generic agreement or notice template with invented names and values. Do not enter real confidential legal information.

Expected Output

- Clearly structured document
- Correct placement of supplied information
- Consistent formatting

- Editable preview
- Successful PDF export

Advantages

- Guided drafting workflow
- Reduced repetitive formatting
- Reusable templates
- AI-assisted language generation
- Easy preview and export
- Educational value for learning AI and software development

Limitations

- Not a substitute for a lawyer.
- AI output may require correction.
- Jurisdiction-specific requirements may not be fully covered.
- Advanced legal review and verification are outside project scope.

Conclusion

LegalEase demonstrates a practical use of AI in document drafting while emphasizing user review, responsible data handling, and professional legal verification for real-world matters.

Academic Project Note: LegalEase is an educational drafting prototype. AI-generated legal text should be treated as a draft and reviewed by a qualified legal professional before real-world legal use.
